

The Crude Oil Network

Transforming crude oil resources into shared wealth

The Opportunity

Why Oil, Why Ghana, Why Now

- Ghana's stable democracy and growing energy sector
- Strategic location with access to West African basins & export routes
- Global oil demand remains significant alongside energy transition
- **Gap:** retail & mid-ticket investors rarely get transparent access to upstream value

Who We Are

- Ghana-based crude oil exploration & small-scale production company
- Blends world-class operations with a transparent investor-first model
- Focus on responsible extraction, efficiency, and long-term value creation
- **Clear governance:** audits, reporting cadence, third-party verifications

Vision & Mission

Vision:

To become Africa's most trusted and globally recognized crude oil mining and wealth-sharing company.

Built for

Mission:

Transform crude oil wealth into opportunities for everyone through sustainable operations, transparency, and education.

Trust &

Pillars:

Transparency ·
Sustainability · Profitability
· Community Impact

Shared Growth

Revenue Model

How We Generate Revenue

- Upstream crude sales via offtake agreements to local/export buyers
- Price benchmarked to Brent with agreed differentials & quality specs
- Optional hedging for downside protection (collars/swaps)
- Working interest & net revenue interest (NRI) structure
- Cost recovery & reinvestment policy for scale-up

How Investors Participate

Investor Participation & Growth Model

- **Direct Investment:** Investors enter by purchasing investment packages backed by crude oil operations.
- **Network Growth (Referral Model):**
 - Each investor receives a unique referral link.
 - Onboarding of new investors through referrals builds a transparent network structure.
 - Team Commissions: Additional rewards for building wider teams (structured levels).
